

FOR IMMEDIATE RELEASE

## **Luminus Expands Management Team, Appoints Rodolfo Archbold Head of Global Operations**

**Billerica, MA, September 12, 2011**—[Luminus Devices, Inc.](#), leader in Big Chip LEDs™, today announced the appointment of Rodolfo Archbold as Vice President and General Manager of Global Operations. Mr. Archbold joins Luminus from SolarOne Solutions, where he held senior leadership roles including Chief Operating Officer.

Mr. Archbold will be responsible for global fabrication and contract manufacturing, assembly, supply chain management, procurement, quality, and continuous improvement programs at all Luminus facilities. “Rodolfo brings global expansion experience that will be essential to execute our operations strategy, including ISO initiatives and development of strategic alliances with worldwide partners,” said Keith T.S. Ward, President and Chief Executive Officer of Luminus Devices. “In order to continue our rapid worldwide growth, we need the manufacturing leadership and vision Rodolfo Archbold brings to Luminus; he will enhance all aspects of our global operations.”

Mr. Archbold has also held executive positions with Evergreen Solar, Nypco, Hewlett-Packard and Exxon. He holds a B.S. in Chemical Engineering from the University of Puerto Rico, and an M.B.A. in Finance and International Business from New York University.

### **About Luminus Devices**

Luminus Devices, Inc. develops and manufactures high-performance, solid-state light sources. Luminus’ Big Chip LEDs™ are engineered for a variety of markets including projection display, indoor and outdoor general lighting, entertainment and medical lighting plus ultraviolet applications.
